Higher compression at the inner core increases resistance below the surface, absorbing excess kinetic energy for improved durability.

CARBON
Carbon Fibre reinforced base layer penetrates the sisal line, creating the ultimate Triple Core technology and durability.

ROTA-LOCK LEVELLING SYSTEM

A unique and exclusive Triple-wheel lock and level system that allows for a quick and solid fix to the wall.

LASER CUT STEEL NUMBER RING

Pioneering Laser Cut Number Ring for a stylish look and improved focus. Patent Pending.
